TO WHOM IT MAY CONCERN

This is to certify that **Md. Tanvir Hossain**, Student ID: 2022-1-60-196, a student of the Department of Computer Science and Engineering (CSE), worked as an Undergraduate Teaching Assistant (UTA) in the Department of Mathematics and Data Science from February 2025 to June 2025.

During his time as a teaching assistant, Tanvir actively participated in laboratory sessions and assisted faculty with practical classes. He assisted students with debugging, problem-solving, and understanding course and laboratory concepts. Additionally, he provided support during office hours by explaining technical ideas and assisting students in resolving challenges with their lab assignments.

Tanvir was a responsible, cooperative, and approachable Teaching Assistant. He worked well with both students and faculty members and carried out his assigned responsibilities sincerely.

Based on my experience working with Tanvir, I believe he has the technical ability, communication skills, and willingness to learn to make a positive contribution to a professional working environment. I would be glad to recommend him for the internship opportunity and wish him every success in his future academic and professional career.

Sincerely,

11-08-26

Nazia Ahmed

Senior Lecturer

Department of Mathematics and Data Science
